The Economic Development Department serves the city by encouraging economic growth through attracting and retaining business and industry, promoting small business development, supporting commercial revitalization and encouraging tourism. Economic growth improves our quality of life by maintaining and improving the tax base and increasing the number and variety of job opportunities available to local residents.

{phocadownload view=file|id=29|target=s}

The department focuses on expanding business and assisting new commercial and industrial enterprises to locate in the city. We aim to create an environment responsive to the concerns of residents and the development community and we do our best to invite and encourage investments from outside.
